

## **IALL Secretary's 2017 Annual Report**

The Secretary assisted the IALL Board with periodic Board votes. I also handled enquiries regarding membership benefits, subscriptions to the *International Journal of Legal Information*, and questions about the IALL website throughout the year.

The Secretary also served as Chair of the Scholarships Committee. I developed the new Stipend Award eligibility guidelines and application form with the Scholarships Committee and Communications programmer. I also coordinated the overall scholarships promotion, application and selection process, answered questions from prospective applicants and resolved application submission problems.
