

## Hôtel Royal transportation guide

You can easily rent a car at the airport, but we advise against it as parking spots are scarce (no parking available at the main conference venue). Geneva is extremely well connected by public transport and walking distances are usually close. Taxis and Uber are also available. Check out Geneva's public transport (TPG) [website](#) or download their app ([iOS](#), [android](#)) for precise schedules. For trains, you can check the [SBB website](#) or download their app too ([iOS](#), [android](#)).

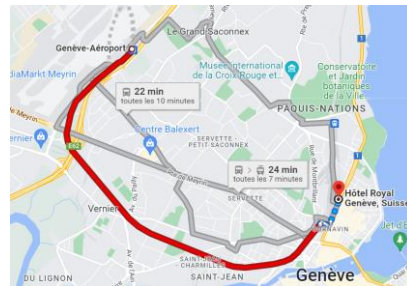

**You will be able to use all public transports for free in Geneva during your stay with the digital public transport card provided by your hotel.**
